Novel Approaches in Cataract and Refractive Surgery

Message from the Guest Editor

Cataract and refractive surgery are among the most commonly performed surgeries in the United States. Typically, these surgeries are safe and cost-effective, with high predictability and rates of patient satisfaction. While the core principles have remained much the same for years, there have been a wealth of advancements made to the preoperative planning, surgical, and postoperative care process to further improve outcomes for patients. In this Special Issue, we are inviting authors to submit articles pertaining to new advancements that have been made to both cataract and refractive surgery.

Guest Editor

Dr. Stephen T. Armenti

Scheie Eye Institute and Department of Ophthalmology, University of Pennsylvania, Philadelphia, PA, USA

About the Journal

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

Editors-in-Chief

Prof. Dr. Emmanuel Andr s

Internal Medicine Department, University Hospital Strasbourg, 67000
Strasbourg, France

Prof. Dr. Kent Doi

Department of Acute Care Medicine, University of Tokyo, Tokyo, Japan

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q1 (General Medicine)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 17.7 days after submission; acceptance to publication is undertaken in 2.7 days (median values for papers published in this journal in the first half of 2025).
