New Updates Frontiers in Aortic Valve Disease

Message from the Guest Editor

It's well-known that the management of valve diseases is one of the most exciting fields in contemporary cardiology. However, many questions remain on how to prevent or slow the progression of the disease, the role of medical treatment, the identification of new indications, the patient morphological selection, or how to integrate all the available therapies in the patient's lifelong management.

In this Special Issue, we will host high-quality original research exploring new frontiers in aortic valve disease, but also the most up-to-date reviews addressing the current state-of-the-art of this field.

aortic valve stenosis
aortic valve insufficiency
structural heart interventions
transcatheter valve therapy
transcatheter aortic valve replacement
cardiac surgery
imaging in structural heart interventions
conduction disturbances
cerebral ischemic protection
innovation
long-term outcomes
novel approaches to treat cardiovascular diseases

Guest Editor

Dr. Flavien Vincent

CHU Lille, Institut Coeur Pourmon, Cardiology, Department of Interventional Cardiology for Coronary, Valves and Structural Heart Diseases, Inserm, U1011, Institut Pasteur de Lille, EGID, Université de Lille, Lille, France

About the Journal

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

Editors-in-Chief

Prof. Dr. Emmanuel Andr  s

Internal Medicine Department, University Hospital Strasbourg, 67000
Strasbourg, France

Prof. Dr. Kent Doi

Department of Acute Care Medicine, University of Tokyo, Tokyo, Japan

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q1 (General Medicine)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 17.7 days after submission; acceptance to publication is undertaken in 2.7 days (median values for papers published in this journal in the first half of 2025).
