

Special Issue

Clinic Advances in Non-Small-Cell Lung Cancer

Message from the Guest Editors

The present Special Issue aims to explore “Clinic Advances in Non-Small-Cell Lung Cancer” by compiling the most significant recent breakthroughs in the topics concerning novel drug development and updated therapeutic applications. The highlights sections are:

- Early detection involving low-dose CT scans for heavy smokers aided by computer algorithms to identify cancer and predict outcomes;
- Biological markers circulating in the blood or sputum such as abnormal tumor cells the or molecular presence of suspicious cancer-related proteins;
- Immunotherapy (IO) including various combinations with chemotherapy in first and second and consolidation;
- Adjuvant-targeted and IO-improving DFS;
- BBB penetration ability of Alectinib and Tagrisso (Osimertinib) to treat NSCLC brain metastases;
- Uncovering resistance mechanisms to TKI and investigations researching adjustments to treatment protocols,
- Using sensitive technology to analyse circulating tumorous DNA.

Guest Editors

Dr. Abed Agbarya

Dr. Elizabeth Dudnik

About the Journal

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

Editors-in-Chief

Prof. Dr. Emmanuel Andr  s

Internal Medicine Department, University Hospital Strasbourg, 67000
Strasbourg, France

Prof. Dr. Kent Doi

Department of Acute Care Medicine, University of Tokyo, Tokyo, Japan

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q1 (General Medicine)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 17.7 days after submission; acceptance to publication is undertaken in 2.7 days (median values for papers published in this journal in the first half of 2025).
