Treatment of Shoulder Joint Disease: Recent Advances in Treatment and Opportunities

Message from the Guest Editor

It would be a great honour if you could contribute to the Special Issue: Treatment of Shoulder Joint Disease: Recent advances in Treatment and Opportunities As a leading scientist in the field, you are a highly desirable contributor to this Special Issue. It is, therefore, our privilege and pleasure to invite you, or one of your coworkers, to submit an article on this topic. The article may be either a full paper or a communication based on your own research in this area, or may be a focused review article on some aspects of the subject (also see the list of key words on the web page). *Please click [here](#) to find information!*
Welcome to contribute!

About the Journal

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!
