

Special Issue

Latest Advances on Urological Surgery

Message from the Guest Editor

Urology has always been at the forefront of surgical innovation. In past years, new technologies and surgical approaches, minimally invasive techniques, laparoscopic frontier, robotic and digital surgery/platforms, were introduced that radically changed the management of urological disorders, improving patient outcomes. This Special Issue aims to publish contributions from distinguished authors who actively experience innovations in the field of urological surgery and want to provide more solid scientific evidence. All researchers are invited to contribute original articles and reviews (A special discount for you). **(Note:** Animal research, case reports and short reviews are not accepted). **Keywords**

- minimally invasive procedures
- robotic surgery
- laparoscopy
- digital surgery
- reconstructive surgery
- pelvic surgery
- incontinence surgery
- endoscopy
- endourology
- uroandrology
- surgical training

About the Journal

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

Editors-in-Chief

Prof. Dr. Emmanuel Andr  s

Internal Medicine Department, University Hospital Strasbourg, 67000
Strasbourg, France

Prof. Dr. Kent Doi

Department of Acute Care Medicine, University of Tokyo, Tokyo, Japan

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q1 (General Medicine)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 17.7 days after submission; acceptance to publication is undertaken in 2.7 days (median values for papers published in this journal in the first half of 2025).
