

## Special Issue

# Vitreo-Retinal Disorders: Pathogenesis, Diagnosis and Therapies

### Message from the Guest Editor

Vitreo-retinal disorders are among the leading causes of visual impairment and blindness worldwide. Recently, their pathogenesis has been investigated by clinical and basic studies using advanced imaging analyses and genome analyses. Their diagnosis has changed through recently proposed classifications. New drugs under development and newly proposed surgical techniques will also change the treatment method and regimen for vitreo-retinal disorders. This Special Issue will address the most recent findings on vitreo-retinal disorders and review their pathogenesis, diagnosis, and therapies.

### Guest Editor

Prof. Kenji Yamashiro

Department of Ophthalmology, Otsu Red Cross Hospital, Otsu, Japan

### Deadline for manuscript submissions

closed (30 June 2021)

## About the Journal

### Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q1 (General Medicine)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 18.5 days after submission; acceptance to publication is undertaken in 2.7 days (median values for papers published in this journal in the second half of 2025).
