

## Special Issue

# Integrative Perspectives on Functional Morphology, Performance and Injury Prevention in Soccer

### Message from the Guest Editor

This Special Issue aims to provide a thematic collection for cutting-edge research in the field of soccer, with a focus on the intersection of functional morphology, kinesiology, and applied sports science. Soccer is a multifactorial sport that demands high levels of physical, technical, tactical, and psychological performance, and understanding the various factors underpinning these aspects is essential for enhancing performance and minimizing injury risk.

We welcome original research, review articles, and real-world case studies examining topics such as the functional morphology and anthropometric characteristics of soccer players; the biomechanics of soccer-specific skills (e.g., sprinting, change in direction, jumping, and kicking); injury prevention and rehabilitation strategies in soccer; performance profiling and match demands across different playing positions; applications of wearable technology, GPS, and optical tracking; physiological and neuromuscular adaptations to training and competition; sports nutrition and recovery strategies tailored for soccer athletes; and youth development, biological maturation, and talent identification in soccer.

## About the Journal

### Message from the Editor-in-Chief

---

#### Editor-in-Chief

Prof. Dr. Giuseppe Musumeci  
Department of Biomedical and Biotechnological Sciences, Anatomy,  
Histology and Movement Sciences Section, School of Medicine,  
University of Catania, 95123 Catania, Italy

---

#### Author Benefits

##### High Visibility:

indexed within ESCI (Web of Science), Scopus, PubMed,  
PMC, FSTA, and other databases.

##### Journal Rank:

JCR - Q2 (Sport Sciences) / CiteScore - Q2 (Anatomy)

##### Rapid Publication:

manuscripts are peer-reviewed and a first decision is  
provided to authors approximately 22.5 days after  
submission; acceptance to publication is undertaken in 2.4  
days (median values for papers published in this journal in  
the second half of 2025).
