Message from the Guest Editors

Dear Colleagues,

The Journal of Low Power Electronics and Applications (JLPEA) is seeking original contributions for the forthcoming issue on Industrial Aspects of Low Power Design Recent Trends and Methods. This issue is scheduled for publication in September, 2011. The aim of this issue is to present recent advances and trends of low power methodologies and applications in industry.

Dr. Arkadiy Morgenshtein
Dr. Israel A. Wagner
Prof. Dr. Yakov Roizin

Message from the Editor-in-Chief

Journal of Low Power Electronics and Applications is an open access journal which provides an advanced forum for rapid dissemination of innovative research and important results in all aspects of low power electronics and design.

It publishes reviews, regular research papers and short communications. Our aim is to encourage scientists to publish their experimental and theoretical results in as much detail as possible. The full experimental details must be provided so that the results can be reproduced.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, ESCI (Web of Science), Inspec, and other databases.

Rapid Publication: manuscripts are peer-reviewed and a first decision is provided to authors approximately 24.2 days after submission; acceptance to publication is undertaken in 3.8 days (median values for papers published in this journal in the second half of 2025).
