

Special Issue

Low Power Electronics - Recent Developments

Message from the Guest Editor

This Special Issue is seeking solid papers from authors who contributed papers in Low Power Electronics in recent high quality conferences. Expanded versions of recent conference papers are welcome, but only when significant details have been added. Both research articles and review articles are invited. The issue is scheduled for publication in March, 2012.

Guest Editor

Prof. Dr. Orly Yadid-Pecht

Director, Integrated Sensors, Intelligent Systems (ISIS), Electrical Engineering Department, University of Calgary, Calgary, AB T2N1N4, Canada

About the Journal

Message from the Editor-in-Chief

Journal of Low Power Electronics and Applications is an open access journal which provides an advanced forum for rapid dissemination of innovative research and important results in all aspects of low power electronics and design.

It publishes reviews, regular research papers and short communications. Our aim is to encourage scientists to publish their experimental and theoretical results in as much detail as possible. The full experimental details must be provided so that the results can be reproduced.

Editor-in-Chief

Dr. Davide Bertozzi

Reader in Advanced Processing Technologies, Department of
Computer Science, University of Manchester, Manchester M13 9PL, UK

Author Benefits

High Visibility:

indexed within Scopus, ESCI (Web of Science), Inspec, and other databases.

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 23.4 days after submission; acceptance to publication is undertaken in 2.8 days (median values for papers published in this journal in the first half of 2025).

Journal Rank:

CiteScore - Q2 (Electrical and Electronic Engineering)
