Message from the Guest Editors

As members of the Editorial Board of the *Journal of Manufacturing and Materials Processing*, we are very pleased to announce this Special Issue, titled “Anniversary Review and Feature Papers”. This is in celebration of the fifth year of the journal’s existence and its first year as a journal indexed in Emerging Sources Citation Index (ESCI) –Web of Science.

This Special Issue is dedicated to a collection of distinguished articles from Editorial Board Members and Leading Researchers. Review papers as well as cutting-edge research contributions are expected, addressing contemporary issues in manufacturing and materials processing science and technology.

We expect to disseminate comprehensive reviews, critical reviews, as well as research results and innovative ideas by research groups worldwide, pointing to fast-advancing developments in all topics covered by *JMMP* with a special emphasis on innovative manufacturing processes, sustainable manufacturing processes, innovative/smart materials, micro/nanomanufacturing, intelligence in manufacturing process monitoring and control, and manufacturing equipment for Industry 4.0.

Message from the Editor-in-Chief

Journal of Manufacturing and Materials Processing (JMMP) (ISSN 2504-4494) is a new MDPI peer-reviewed, open access venue with a focus on the scientific fundamentals and engineering methodologies of manufacturing and materials processing. We offer an online platform facilitating effective exchange of innovative scientific and engineering ideas and the dissemination of recent, original, and significant research and developmental findings. On behalf of the Editorial Board, I extend an invitation to our scientific and engineering colleagues to contribute high-quality, innovative, and ground-breaking research articles to *JMMP*.

Author Benefits

Open Access: free for readers, with **article processing charges (APC)** paid by authors or their institutions.

High Visibility: indexed within **Scopus**, **ESCI (Web of Science)**, **Inspec**, **CAPlus / SciFinder**, **Ei Compendex** and **other databases**.

Journal Rank: JCR - Q1 (Engineering, Mechanical) / CiteScore - Q1 (Mechanical Engineering)
