

Special Issue

State-of-the-Art Manufacturing and Material Processing in Canada

Message from the Guest Editors

The manufacturing sector represents over 10% of Canada's total GDP and is a leading investor in research and development. Innovation and the development and diffusion of new technologies are key requirements for today's advanced manufacturing. This Special Issue aims to highlight and publish high-quality recent activities in research and development in the field of advanced manufacturing in Canada. Topics of interest include, but are not limited to, the following:

- Material processing processes;
- Additive manufacturing;
- Assembly;
- Metrology;
- Machines and sensors;
- Applications of artificial intelligence in advanced manufacturing;
- Industry 4.0;
- Manufacturing systems and optimization.

Prof. Dr. Mohamed A. Elbestawi

About the Journal

Message from the Editor-in-Chief

Journal of Manufacturing and Materials Processing (JMMP) (ISSN 2504-4494) is a new MDPI peer-reviewed, open access venue with a focus on the scientific fundamentals and engineering methodologies of manufacturing and materials processing. We offer an online platform facilitating effective exchange of innovative scientific and engineering ideas and the dissemination of recent, original, and significant research and developmental findings. On behalf of the Editorial Board, I extend an invitation to our scientific and engineering colleagues to contribute high-quality, innovative, and ground-breaking research articles to *JMMP*.

Editor-in-Chief

Prof. Dr. Steven Y. Liang
George W. Woodruff School of Mechanical Engineering, Georgia
Institute of Technology, Atlanta, GA 30332-0405, USA

Author Benefits

High Visibility:

indexed within Scopus, ESCI (Web of Science), Inspec, CAPIus / SciFinder, Ei Compendex and other databases.

Journal Rank:

JCR - Q2 (Engineering, Mechanical) / CiteScore - Q2
(Mechanical Engineering)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.2 days after submission; acceptance to publication is undertaken in 3.6 days (median values for papers published in this journal in the first half of 2025).
