

Topical Collection

Feature Papers in Journal of Molecular Pathology

Message from the Collection Editors

This Topical Collection “Feature Papers in *Journal of Molecular Pathology*” aims to collect high-quality research articles, review articles, and communications in all the fields of molecular pathology research and routine practice application. Since the aim of this Topical Collection is to illustrate, through selected works, frontier research in molecular pathology, we encourage Editorial Board Members of *Journal of Molecular Pathology* to contribute papers reflecting the latest progress in their research field, and welcome relevant experts and colleagues to do so as well.

About the Journal

Message from the Editor-in-Chief

The *Journal of Molecular Pathology* is an open access journal that was established in 2020. The journal reveals genomic secrets so that they may be brought forward to the overall community of modern physicians and scientists. We invite you to explore our latest publications and consider *JMP* for your next research submission. Together, we can drive the future of molecular pathology.

Editor-in-Chief

Prof. Dr. Giancarlo Troncone
