Message from the Guest Editors

The AWTEC conference was first held in Jejiu, Korea, in 2012. Since then it has been held in Tokyo and Singapore every two years. This conference series very quickly became the most reputable event on ocean energy. The event is a platform for engineers, researchers, and experts to keep abreast of the current state-of-the-art advancements in ocean energy, ranging from wave energy, tidal energy, ocean thermal energy, ocean current energy, to offshore wind energy. It encompasses technical, environmental, and economic issues. With high-quality papers and presentations, it promotes marine energy advancement in an interdisciplinary spectrum.

AWTEC 2018 will collaborate with the open access journal, *Marine Science and Engineering (JMSE)*, to prepare a Special Issue for papers presented at the conference. Prospective authors are cordially invited to submit their high-quality papers from AWTEC 2018 to be considered for publication in the journal.

Message from the Editor-in-Chief

The *Journal of Marine Science and Engineering* (JMSE; ISSN 2077-1312) is an international peer-reviewed open access journal which provides an advanced forum for studies related to marine science and engineering. The journal aims to provide scholarly research on a range of topics, including ocean engineering, chemical oceanography, physical oceanography, marine biology and marine geosciences. We invite you to publish in our journal sharing your important research findings with the global ocean community.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed with Scopus, SCIE (Web of Science), Ei Compendex, GeoRef, Inspec, AGRIS, and other databases.

Journal Rank: JCR - Q2 (Engineering, Marine) / CiteScore - Q2 (Ocean Engineering)
