Deadline for manuscript submissions:
closed (25 November 2021)

Message from the Guest Editor

Dear Colleagues,

I would like to invite you to publish your research in this Special Issue on "Engineering Safety Critical Maritime Systems". With the advent of new technologies for higly automated assistance systems and autonomous systems, there is the need for new methods and tools to design safe cricitcal systems, ensuring safety and security until the safety assessment and certification. The topics also cover new technologies for safety critical maritime systms, like advanced sensor technologies, AI-based technologies, and human–machine interface designs.

Special Issue

Editor-in-Chief

Prof. Dr. Charitha Pattiaratchi
Oceans Graduate School and The UWA Oceans Institute, The University of Western Australia, Perth, WA 6009, Australia

Message from the Editor-in-Chief

T h e *Journal of Marine Science and Engineering* (*JMSE*; ISSN 2077-1312) is an international peer-reviewed open access journal which provides an advanced forum for studies related to marine science and engineering. The journal aims to provide scholarly research on a range of topics, including ocean engineering, chemical oceanography, physical oceanography, marine biology and marine geosciences. We invite you to publish in our journal sharing your important research findings with the global ocean community.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.
High Visibility: indexed with Scopus, SCIE (Web of Science), GeoRef, Inspec, AGRIS, and other databases.
Journal Rank: JCR - Q1 (Engineering, Marine) / CiteScore - Q2 (*Civil and Structural Engineering*)
