

Young Researchers in Ocean Engineering

Guest Editors:

Prof. Dr. Mohamed Benbouzid

Institut de Recherche Dupuy de
Lôme (UMR CNRS 6027 IRDL),
University of Brest, 29238 Brest,
France

Dr. Anne Blavette

SATIE Lab, CNRS, University of
Rennes, ENS Rennes, avenue
Robert Schuman, 35170 Bruz,
France

Dr. Nicolas Guillou

Cerema, DtecREM, Technopôle
Brest-Iroise, BP 5, 29280
Plouzané, France

Deadline for manuscript
submissions:

closed (25 April 2023)

Message from the Guest Editors

Dear Colleagues,

Young minds are a tremendous source of new and challenging ideas in the field of ocean engineering. The next generation of researchers is poised to bring new insights to traditional ocean engineering topics. This Special Issue aims to highlight this new generation of researchers and quants who may not have been fortunate enough to have their work disseminated in a leading journal. In this context, we particularly encourage postdoctoral fellows, graduate students, and undergraduate students (with or without PhD/Fellow/Associate co-authors) to submit their work to this Special Issue, where the topics of interest include but are not limited to: marine and offshore renewable energy; fixed and floating offshore platforms; cables and mooring; buoy technology; foundation engineering; subsea engineering; tide and sediment transport; coastal and estuarine dynamics; and sea water quality.

Editor-in-Chief

Prof. Dr. Tony Clare

School of Natural and
Environmental Sciences,
Newcastle University, Newcastle
upon Tyne NE1 7RU, UK

Message from the Editor-in-Chief

The *Journal of Marine Science and Engineering* (JMSE; ISSN 2077-1312) is an international peer-reviewed open access journal which provides an advanced forum for studies related to marine science and engineering. The journal aims to provide scholarly research on a range of topics, including ocean engineering, chemical oceanography, physical oceanography, marine biology and marine geosciences. We invite you to publish in our journal sharing your important research findings with the global ocean community.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed with Scopus, SCIE (Web of Science), GeoRef, Inspec, AGRIS, and other databases.

Journal Rank: JCR - Q1 (*Engineering, Marine*) / CiteScore - Q2 (*Ocean Engineering*)
