

Special Issue

Ecology and Physiology of Seaweeds and Their Response to Changes

Message from the Guest Editor

In recent years, the marine ecosystem has been changing due to global temperature changes. Therefore, there is an urgent need for research results that can respond to changes in the marine ecosystem and research related to the restoration of damaged ecosystems. The purpose of the proposed Special Issue is to publish the most exciting research with respect to the above subjects, provide a rapid turn-around time regarding reviewing and publishing, and disseminate the articles freely for research, teaching, and reference purposes. You could view Special Issue details at this link:

https://www.mdpi.com/journal/jmse/special_issues/2IHVP60WI9 This open access Special Issue invites the submission of high-quality and innovative scientific papers. We are looking for: research that can quantify changes in marine ecosystems, research regarding restoring damaged ecosystems, advanced research to monitor changes in marine ecosystems, studies on changes in all members of the marine ecosystem, and ecological research on seaweed and marine organisms.

Guest Editor

Prof. Dr. Chang Geun Choi

About the Journal

Message from the Editor-in-Chief

The *Journal of Marine Science and Engineering* (JMSE, ISSN 2077-1312) is an international peer-reviewed open access journal which provides an advanced forum for studies related to marine science and engineering. The journal aims to provide scholarly research on a range of topics, including ocean engineering, chemical oceanography, physical oceanography, marine biology and marine geosciences. We invite you to publish in our journal sharing your important research findings with the global ocean community.

Editor-in-Chief

Prof. Dr. Charitha Pattiaratchi
School of Engineering, The UWA Oceans Institute, The University of
Western Australia, Perth, WA 6009, Australia

Author Benefits

High Visibility:

indexed with Scopus, SCIE (Web of Science), Ei
Compendex, GeoRef, Inspec, AGRIS, and other databases.

Journal Rank:

JCR - Q2 (Engineering, Marine) / CiteScore - Q2 (Ocean
Engineering)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is
provided to authors approximately 15.6 days after
submission; acceptance to publication is undertaken in 1.9
days (median values for papers published in this journal in
the first half of 2025).
