

Special Issue

Selected Papers from MARTECH 2022, the 6th International Conference on Maritime Technology and Engineering

Message from the Guest Editor

MARTECH 2022 was the 6th Edition of the international conference that followed 11 editions of an earlier National Conference. It received a total of around 200 abstracts, from which 136 papers were finally accepted and presented, together with four keynote presentations. As in the previous editions, the proceedings were published in book format; however, there may still be scope for a Special Issue of *JMSE* based on this conference, as the keynote presentations were not included in the proceedings, and there was a substantial number of abstracts that were accepted but whose paper version could not be completed in time to be considered for publication in the proceedings. In addition, several papers that presented the initial results of a more extensive, ongoing study may be able to serve as the source for follow-up or expanded papers to be considered for publication in this Special Issue of the journal. Thus, you are invited to submit papers for this Special Issue, which has the same broad coverage as the conference.

About the Journal

Message from the Editor-in-Chief

The *Journal of Marine Science and Engineering* (JMSE, ISSN 2077-1312) is an international peer-reviewed open access journal which provides an advanced forum for studies related to marine science and engineering. The journal aims to provide scholarly research on a range of topics, including ocean engineering, chemical oceanography, physical oceanography, marine biology and marine geosciences. We invite you to publish in our journal sharing your important research findings with the global ocean community.

Editor-in-Chief

Prof. Dr. Charitha Pattiaratchi
School of Engineering, The UWA Oceans Institute, The University of
Western Australia, Perth, WA 6009, Australia

Author Benefits

High Visibility:

indexed with Scopus, SCIE (Web of Science), Ei
Compendex, GeoRef, Inspec, AGRIS, and other databases.

Journal Rank:

JCR - Q2 (Engineering, Marine) / CiteScore - Q2 (Ocean
Engineering)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is
provided to authors approximately 15.6 days after
submission; acceptance to publication is undertaken in 1.9
days (median values for papers published in this journal in
the first half of 2025).
