

Special Issue

Research Progress on Deep-Sea Organisms

Message from the Guest Editor

This Special Issue aims to publish all types of manuscripts (i.e., research articles, reviews, and short communications) covering a wide range of topics including, but not limited to, the biology, ecology and evolution of organisms in deep-sea environments, the interaction between biotic and abiotic factors, and, especially, research on the application of new methods and interdisciplinary research involving organisms living in deep-sea environments. Keywords

- deep-sea
- biology and ecology
- molecules and evolution
- survival strategies and mechanisms
- in situ study
- interdisciplinary research.

Guest Editor

Prof. Dr. Lisheng He

Institute of Deep-Sea Science and Engineering, Chinese Academy Sciences, Sanya, China

About the Journal

Message from the Editor-in-Chief

Journal of Marine Science and Engineering (JMSE, ISSN: 2077-1312) focuses on research in the fields of Ocean Engineering, Coastal Engineering, Physical Oceanography, Geological Oceanography, Marine Biology, and Marine Environmental Science. It publishes reviews, regular research papers, and short communications, as well as Special Issues on particular subjects. Our aim is to encourage scientists to publish their experimental and theoretical results in as much detail as possible. There is no restriction on the maximum length of the papers.

Editor-in-Chief

Prof. Dr. Charitha Pattiaratchi

School of Engineering, The UWA Oceans Institute, The University of Western Australia, Perth, WA 6009, Australia

Author Benefits

High Visibility:

indexed with Scopus, SCIE (Web of Science), Ei Compendex, GeoRef, Inspec, AGRIS, and other databases.

Journal Rank:

JCR - Q2 (Engineering, Marine) / CiteScore - Q2 (Ocean Engineering)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.5 days after submission; acceptance to publication is undertaken in 2.5 days (median values for papers published in this journal in the second half of 2025).
