

Special Issue

Selected Papers from the 3rd Australian New Zealand Marine Biotechnology (ANZMBS) Conference

Message from the Guest Editors

Marine biotechnology is rapidly gaining recognition in providing the innovative drive for scientific solutions and products across a range of sectors including biomedical, agrichemical, aquaculture, and environmental industries.

The 3rd ANZMBS conference will be held at UNSW Sydney Australia on May 20–22nd 2019. This conference aims to (1) facilitate collaborations between scientists, technologists, investors, government, industry, and the community; (2) inform educators and policymakers; and (3) promote science, knowledge exchange, and technology development. Authors are invited to submit papers on a wide range of topics related to marine biotechnology including, for example, the following:

- Natural products and drug discovery
- Aquaculture and fisheries
- Algal bioproducts and processes
- Ecosystem monitoring
- Marine ecosystem engineering
- Environmental remediation
- Marine sustainability and restoration
- MARINE biotechnology policy and consultation

Guest Editors

Prof. Dr. Danielle Skropeta

Prof. Dr. Suhelen Egan

Dr. Mariana Mayer Pinto

Dr. Mike Packer

Dr. Kim Lee Chang

About the Journal

Message from the Editor-in-Chief

Journal of Marine Science and Engineering (JMSE, ISSN: 2077-1312) focuses on research in the fields of Ocean Engineering, Coastal Engineering, Physical Oceanography, Geological Oceanography, Marine Biology, and Marine Environmental Science. It publishes reviews, regular research papers, and short communications, as well as Special Issues on particular subjects. Our aim is to encourage scientists to publish their experimental and theoretical results in as much detail as possible. There is no restriction on the maximum length of the papers.

Editor-in-Chief

Prof. Dr. Charitha Pattiaratchi

School of Engineering, The UWA Oceans Institute, The University of Western Australia, Perth, WA 6009, Australia

Author Benefits

High Visibility:

indexed with Scopus, SCIE (Web of Science), Ei Compendex, GeoRef, Inspec, AGRIS, and other databases.

Journal Rank:

JCR - Q2 (Oceanography) / CiteScore - Q1 (Ocean Engineering)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.5 days after submission; acceptance to publication is undertaken in 2.5 days (median values for papers published in this journal in the second half of 2025).
