

Special Issue

Selected Papers from Coastlab18 Conference

Message from the Guest Editors

Coastlab18 is organized under the auspices of the International Association of Hydro-Environment Engineering and Research (IAHR). This Special Issue presents a selection of papers from the conference. The papers give insight on theoretical and practical aspects related with physical modelling in the field of coastal and ocean engineering. Coastal and ocean structures, breakwaters, revetments, laboratory technologies, measurement systems, coastal field measurement and monitoring, combined physical and numerical modelling, physical modelling case studies, tsunami and coastal hydrodynamics are the main topics covered in this Special Issue. Keywords

- Laboratory technologies
- Measurement systems
- Coastal and ocean structures
- Combined physical and numerical modelling
- Physical modelling case studies
- Scale effects and uncertainty analysis
- Wave synthesis, generation and analysis

Guest Editors

About the Journal

Message from the Editor-in-Chief

The *Journal of Marine Science and Engineering* (JMSE, ISSN 2077-1312) is an international peer-reviewed open access journal which provides an advanced forum for studies related to marine science and engineering. The journal aims to provide scholarly research on a range of topics, including ocean engineering, chemical oceanography, physical oceanography, marine biology and marine geosciences. We invite you to publish in our journal sharing your important research findings with the global ocean community.

Editor-in-Chief

Prof. Dr. Charitha Pattiaratchi
School of Engineering, The UWA Oceans Institute, The University of
Western Australia, Perth, WA 6009, Australia

Author Benefits

High Visibility:

indexed with Scopus, SCIE (Web of Science), Ei
Compendex, GeoRef, Inspec, AGRIS, and other databases.

Journal Rank:

JCR - Q2 (Engineering, Marine) / CiteScore - Q2 (Ocean
Engineering)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is
provided to authors approximately 15.6 days after
submission; acceptance to publication is undertaken in 1.9
days (median values for papers published in this journal in
the first half of 2025).
