

## Special Issue

# Hybrid Systems for Marine Energy 2023

### Message from the Guest Editors

This Special Issue follows up from the successful first installment, "Hybrid Systems for Marine Energy Harvesting". Technologies to harvest marine renewable energies (MREs) are at a pre-commercial developmental stage, and significant R&D progress is still required in order to improve their competitiveness. However, hybridization has significant potential to foster synergies among the different harvesting technologies and resources. In this Special Issue, hybridization is understood in three different manners. This Special Issue will publish cutting-edge research on the development of hybrid technologies for MRE harvesting, providing a rapid turn-around time for reviewing and publishing, to disseminate articles freely for research, teaching, and reference purposes.

### Guest Editors

Prof. Dr. Paulo Jorge Rosa-Santos

Prof. Dr. Francisco Taveira Pinto

Prof. Dr. Mario López Gallego

Prof. Dr. Claudio Alexis Rodríguez Castillo

### Deadline for manuscript submissions

closed (20 August 2023)

## About the Journal

### Message from the Editor-in-Chief

The *Journal of Marine Science and Engineering* (JMSE, ISSN 2077-1312) is an international peer-reviewed open access journal which provides an advanced forum for studies related to marine science and engineering. The journal aims to provide scholarly research on a range of topics, including ocean engineering, chemical oceanography, physical oceanography, marine biology and marine geosciences. We invite you to publish in our journal sharing your important research findings with the global ocean community.

---

### Editor-in-Chief

Prof. Dr. Charitha Pattiaratchi  
School of Engineering, The UWA Oceans Institute, The University of  
Western Australia, Perth, WA 6009, Australia

### Author Benefits

#### High Visibility:

indexed with Scopus, SCIE (Web of Science), Ei  
Compendex, GeoRef, Inspec, AGRIS, and other databases.

#### Journal Rank:

JCR - Q2 (Engineering, Marine) / CiteScore - Q2 (Ocean  
Engineering)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is  
provided to authors approximately 15.6 days after  
submission; acceptance to publication is undertaken in 1.9  
days (median values for papers published in this journal in  
the first half of 2025).
