

Special Issue

Feature Paper in Marine Ecology

Message from the Guest Editor

I am pleased to announce the launch of a new Special Issue focused on marine ecology. This Special Issue will contribute to the publication of high-quality research focused on all of the main aspects of marine ecology, including impacts of climate change and pollution on marine environments, marine invasive species, sustainability of marine resources, marine biodiversity, marine ecosystem services and functions, environmental quality and resilience of marine ecosystems, ecological restoration, and marine functional connectivity. Submissions of high-quality original research on all of the branches of marine ecology mentioned above, as well as other relevant topics, are welcome and encouraged.

Guest Editor

Dr. Sílvia C. Gonçalves

About the Journal

Message from the Editor-in-Chief

The *Journal of Marine Science and Engineering* (JMSE, ISSN 2077-1312) is an international peer-reviewed open access journal which provides an advanced forum for studies related to marine science and engineering. The journal aims to provide scholarly research on a range of topics, including ocean engineering, chemical oceanography, physical oceanography, marine biology and marine geosciences. We invite you to publish in our journal sharing your important research findings with the global ocean community.

Editor-in-Chief

Prof. Dr. Charitha Pattiaratchi
School of Engineering, The UWA Oceans Institute, The University of
Western Australia, Perth, WA 6009, Australia

Author Benefits

High Visibility:

indexed with Scopus, SCIE (Web of Science), Ei
Compendex, GeoRef, Inspec, AGRIS, and other databases.

Journal Rank:

JCR - Q2 (Engineering, Marine) / CiteScore - Q2 (Ocean
Engineering)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is
provided to authors approximately 15.6 days after
submission; acceptance to publication is undertaken in 1.9
days (median values for papers published in this journal in
the first half of 2025).
