

Special Issue

Coastal Risk and Adaptation in Small Islands

Message from the Guest Editor

This Special Issue invites contributions on modeling, monitoring and conceptual approaches used to inform coastal adaptation in small islands and may focus on hazard estimation, risk assessment, risk reduction and adaptation, or combinations thereof. Contributions may also include case studies, review articles and short communications. **Keywords**

- small islands;
- SIDS;
- coastal hazards;
- risk assessment;
- coastal adaptation;
- sustainable growth;
- coastline retreat;
- coastal flood;
- vulnerability

About the Journal

Message from the Editor-in-Chief

The *Journal of Marine Science and Engineering* (JMSE, ISSN 2077-1312) is an international peer-reviewed open access journal which provides an advanced forum for studies related to marine science and engineering. The journal aims to provide scholarly research on a range of topics, including ocean engineering, chemical oceanography, physical oceanography, marine biology and marine geosciences. We invite you to publish in our journal sharing your important research findings with the global ocean community.
