

Special Issue

Evolution and Adaptation in Marine Invertebrates

Message from the Guest Editors

Life originated in the sea more than three billion years ago, and has been evolving ever since. Marine invertebrates have long fascinated researchers due to their abundance, diversity, and adaptations. The purpose of this invited Special Issue is to publish the most exciting research with respect to the above subjects, provide a rapid turnaround time regarding reviewing and publishing, and disseminate the articles freely for research, teaching, and reference purposes. High-quality papers that are directly related to various aspects, as mentioned below, are encouraged for publication. Novel techniques for studies are encouraged.

Guest Editors

Prof. Dr. Linlin Zhang
Prof. Dr. Yongbo Bao
Dr. Minxiao Wang

About the Journal

Message from the Editor-in-Chief

Journal of Marine Science and Engineering (JMSE, ISSN: 2077-1312) focuses on research in the fields of Ocean Engineering, Coastal Engineering, Physical Oceanography, Geological Oceanography, Marine Biology, and Marine Environmental Science. It publishes reviews, regular research papers, and short communications, as well as Special Issues on particular subjects. Our aim is to encourage scientists to publish their experimental and theoretical results in as much detail as possible. There is no restriction on the maximum length of the papers.

Editor-in-Chief

Prof. Dr. Charitha Pattiaratchi

School of Engineering, The UWA Oceans Institute, The University of Western Australia, Perth, WA 6009, Australia

Author Benefits

High Visibility:

indexed with Scopus, SCIE (Web of Science), Ei Compendex, GeoRef, Inspec, AGRIS, and other databases.

Journal Rank:

JCR - Q2 (Engineering, Marine) / CiteScore - Q2 (Ocean Engineering)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.5 days after submission; acceptance to publication is undertaken in 2.5 days (median values for papers published in this journal in the second half of 2025).
