

Special Issue

Ocean Noise: From Science to Management

Message from the Guest Editors

Scientific and societal concern about the effects of underwater sound on marine ecosystems is growing. Some countries have joined in multi-national initiatives to measure, monitor and mitigate environmental impacts of ocean noise at large, trans-boundary spatial scales.

The OCEANOISE conference series has provided a platform for the exchange of scientific results, management approaches, research needs, stakeholder concerns, etc. As this year's conference was cancelled, a Special Issue of the Journal of Marine Science and Engineering is announced as a means of keeping the OCEANOISE community engaged.

We invite the submission of research articles, review papers, as well as opinion papers and commentaries relevant to the management of ocean noise. Focus may be on sound usage by marine and freshwater organisms; soundscapes; sound measurement, modelling and mapping; behavioural, physiological and pathological effects of noise; regulation and mitigation.

We look forward to receiving your manuscripts.

Guest Editors

Prof. Dr. Michel André

Laboratory of Applied Bioacoustics (LAB), Universitat Politècnica de Catalunya, BarcelonaTech (UPC), Vilanova i la Geltrú, Spain

Prof. Dr. Christine Erbe

Centre for Marine Science and Technology, Curtin University, Perth, Australia

About the Journal

Message from the Editor-in-Chief

The *Journal of Marine Science and Engineering* (JMSE, ISSN 2077-1312) is an international peer-reviewed open access journal which provides an advanced forum for studies related to marine science and engineering. The journal aims to provide scholarly research on a range of topics, including ocean engineering, chemical oceanography, physical oceanography, marine biology and marine geosciences. We invite you to publish in our journal sharing your important research findings with the global ocean community.

Editor-in-Chief

Prof. Dr. Charitha Pattiaratchi

Oceans Graduate School and The UWA Oceans Institute, The University of Western Australia, Perth, WA 6009, Australia

Author Benefits

High Visibility:

indexed with Scopus, SCIE (Web of Science), Ei Compendex, GeoRef, Inspec, AGRIS, and other databases.

Journal Rank:

JCR - Q2 (Engineering, Marine) / CiteScore - Q2 (Ocean Engineering)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 15.6 days after submission; acceptance to publication is undertaken in 1.9 days (median values for papers published in this journal in the first half of 2025).
