

Special Issue

Recent Advances in Clinical Mycology

Message from the Guest Editor

The Special Issue entitled "Recent Advances in Clinical Mycology" aims to explore the state-of-the-art in diagnostic and therapeutic approaches concerning invasive fungal diseases. The issue will explore the cutting edge of medical science in relation to the management of mycoses. The issue will have a broad focus, including both laboratory and clinical sciences, to offer our readers a definitive and relevant overview. We are particularly interested in showcasing trends at the forefront of the development of therapeutic and diagnostic approaches, including high quality translational science and novel avenues in the treatment of fungal diseases. Reviews, original research, and communications will be welcome.

Guest Editor

Dr. Christopher P. Eades

Department of Infectious Diseases, Imperial College Healthcare NHS Trust, London, UK

About the Journal

Message from the Editor-in-Chief

The *Journal of Fungi* (JoF, ISSN 2309-608X) is an international, peer-reviewed, scientific, open access journal that provides an advanced forum for studies related to pathogenic fungi, fungal biology, and all other aspects of fungal research. Research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. David S. Perlin

Hackensack Meridian Health Center for Discovery and Innovation, 340
Kingsland Street, Nutley, NJ 07110, USA

Author Benefits

Open Access

– free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, CAPIus / SciFinder, AGRIS, and other databases.

Journal Rank:

JCR - Q1 (Mycology) / CiteScore - Q1 (Ecology, Evolution, Behavior and Systematics)
