## **Special Issue**

# Plant Fungal Pathogenesis 2025

## Message from the Guest Editors

Fungal pathogens are responsible for a vast number of diseases in agriculture, horticulture, and floriculture. This has a great impact on the economics of developing and developed countries all over the world. Microscopic, metabolomic, and molecular biology methods allow for detailed investigations of plant–fungus interactions, shedding new light on different aspects of fungal pathogenesis. In this Special Issue, we welcome original and review papers from all research areas of plant diseases induced by fungi, including plant disease resistance and susceptibility, epidemiology and the control of fungal pathogenesis.

## **Guest Editors**

Dr. Violetta Katarzyna Macioszek

Department of Biology and Plant Ecology, Faculty of Biology, University of Bialystok, 15-245 Bialystok, Poland

Prof. Dr. Andrzej K. Kononowicz

Department of Plant Ecophysiology, Faculty of Biology and Environmental Protection, University of Lodz, 90-237 Lodz, Poland

#### Deadline for manuscript submissions

30 November 2025

## **About the Journal**

## Message from the Editor-in-Chief

The Journal of Fungi (JoF, ISSN 2309-608X) is an international, peer-reviewed, scientific, open access journal that provides an advanced forum for studies related to pathogenic fungi, fungal biology, and all other aspects of fungal research. Research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

### Editor-in-Chief

Prof. Dr. David S. Perlin

Hackensack Meridian Health Center for Discovery and Innovation, 340 Kingsland Street, Nutley, NJ 07110, USA

#### **Author Benefits**

### **Open Access**

 free for readers, with article processing charges (APC) paid by authors or their institutions.

## **High Visibility:**

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, CAPlus / SciFinder, AGRIS, and other databases.

## **Journal Rank:**

JCR - Q1 (Mycology) / CiteScore - Q1 (Ecology, Evolution, Behavior and Systematics)
