

Special Issue

Dimensions of Tropical Fungal Diversity

Message from the Guest Editors

This Special Issue of JoF entitled “Dimensions of Tropical Fungal Diversity” will explore integrative approaches to fungal diversity in the tropics, focusing on the intersection of both historical and current patterns and processes that generate, maintain, and change this biodiversity at all organization levels: species level, community/population levels, and molecular level (small and large-scale, and especially involving (Meta)Omics Sciences, such as Metagenomics, Pan-Genomics), using traditional and, especially, innovative analytical methods, such as artificial intelligence and complex networks.

Dr. Diogo Henrique Costa-Rezende

Dr. József Geml

Guest Editors

Prof. Dr. Aristóteles Góes-Neto

Prof. Dr. Elisandro Ricardo Drechsler-Santos

About the Journal

Message from the Editor-in-Chief

The *Journal of Fungi* (JoF, ISSN 2309-608X) is an international, peer-reviewed, scientific, open access journal that provides an advanced forum for studies related to pathogenic fungi, fungal biology, and all other aspects of fungal research. Research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. David S. Perlin

Hackensack Meridian Health Center for Discovery and Innovation, 340
Kingsland Street, Nutley, NJ 07110, USA

Author Benefits

Open Access

— free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, CAPlus / SciFinder, AGRIS, and other databases.

Journal Rank:

JCR - Q1 (Mycology) / CiteScore - Q1 (Ecology, Evolution, Behavior and Systematics)
