Fungal Burden in Different Countries

Message from the Guest Editors

As you describe your methods and discuss results for the different conditions, the paper by Bongomin et al., Global and Multi-National Prevalence of Fungal Diseases—Estimate Precision. *J Fungi* 2017, 3(4), 57; doi:10.3390/jof3040057, <http://www.mdpi.com/2309-608X/3/4/57> should be helpful. However, we recognize the paucity of national epidemiological studies supported by appropriate diagnostics in many countries. As you consider the implications of your work for national health policies and programs and clinical practice in your discussion, you may find another paper helpful: Cole et al. Improvement of fungal disease identification and management: combined health systems and public health approaches. *Lancet Infectious Dis.* 2017 Jul 31, DOI: [http://dx.doi.org/10.1016/S1473-3099\(17\)30308-0](http://dx.doi.org/10.1016/S1473-3099(17)30308-0). We are looking forward to working with you to include your nation's paper in this Special Issue.

About the Journal

Message from the Editor-in-Chief

The *Journal of Fungi* (JoF, ISSN 2309-608X) is an international, peer-reviewed, scientific, open access journal that provides an advanced forum for studies related to pathogenic fungi, fungal biology, and all other aspects of fungal research. Research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. David S. Perlin
Hackensack Meridian Health Center for Discovery and Innovation, 340
Kingsland Street, Nutley, NJ 07110, USA

Author Benefits

Open Access

— free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, CAPlus / SciFinder, AGRIS, and other databases.

Journal Rank:

JCR - Q1 (Mycology) / CiteScore - Q1 (Ecology, Evolution, Behavior and Systematics)
