

Special Issue

Biology, Immunology, Epidemiology, and Therapy of Fungal Infections: A Themed Issue Dedicated to Professor David A. Stevens

Message from the Guest Editors

David A. Stevens, MD is Professor (Emeritus) of Medicine, Stanford University Medical School, and was Chief of an affiliated teaching hospital's Infectious Diseases service, Hospital Epidemiologist, and Co-Director, Microbiology Laboratory, for 42 years. He is President of the California Institute for Medical Research (CIMR), San Jose, Principal Investigator of its Infectious Disease Research Laboratory (named and dedicated to him in 2022) engaged in laboratory and clinical research with fellows for 50 years, and Director of its Clinical Laboratories. His group studies the biology, pathogenesis, immunology, epidemiology and therapy of fungal infections. He is an author of >750 full articles, editorials and book chapters, and an approximately equal number of abstracts. The JoF is pleased to announce a Special Issue honoring David A. Stevens for his outstanding contributions to medical mycology. The submissions can be on any topic relevant to medical mycology.

Guest Editors

Prof. Dr. Bertrand Dupont

Prof. Dr. Karl V. Clemons

Prof. Dr. Roderick J. Hay

Prof. Dr. Katsuhiko Kamei

Dr. Raquel Sabino

About the Journal

Message from the Editor-in-Chief

The *Journal of Fungi* (JoF, ISSN 2309-608X) is an international, peer-reviewed, scientific, open access journal that provides an advanced forum for studies related to pathogenic fungi, fungal biology, and all other aspects of fungal research. Research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. David S. Perlin
