Advances in the Pharmacology of Gynecological Cancer

Guest Editor:

Prof. Judith A. Smith

Department of Obstetrics, Gynecology & Reproductive Sciences, UTHealth McGovern Medical School, 6431 Fannin Street, Rm 3.152, Houston, TX 77030, USA

Deadline for manuscript submissions:

closed (5 March 2021)

Message from the Guest Editor

In the past ten years, there have been significant advances in the pharmacological management of ovarian, endometrial and cervical cancer. This has been driven by the availability of tumor genetic testing to identify actionable targets, the optimization of routes, sequences, and/or the frequency of chemotherapy delivery, and the modulation of drug resistance.

This Special Issue will focus on the recent advancements in the management of ovarian, endometrial, and cervical cancer, including PARP inhibitors, immunotherapy, targeted therapies and the optimization of traditional chemotherapy regimens based on routes of administration (i.e., IP therapy or hyperthermic chemotherapy).

We are looking for bench-to-bedside research studies and clinical case reports that identify new advancements in the pharmacological management of gynecologic malignancies.

We are looking for cases reports, original research, and clinical controversaries.

Journal of Personalized Medicine (JPM; ISSN 2075-4426) is an international, open access journal aimed at bringing all aspects of personalized medicine to one platform. JPM publishes cutting edge, innovative preclinical and translational scientific research and technologies related to personalized medicine (e.g., precision medicine, pharmacogenomics/proteomics, systems biology, 'omics association analysis). JPM is covered in Scopus, the Science Citation Index Expanded (SCIE), PubMed, PMC, Embase, and other databases.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, and other databases.

Journal Rank: JCR - Q2 (*Medicine, General & Internal*) CiteScore - Q2 (*Medicine (miscellaneous*))
