Deadline for manuscript submissions:
20 October 2023

Message from the Guest Editors

In recent years, with the rapid development of medical equipment, surgical techniques, and biomaterials, the field of oral and maxillofacial surgery is switching to digital and personalized treatments. This includes digital imaging, digital impressions, jaw modeling, 3D planning of complex oral prosthetics, osteophytes and implant placement, and minimally invasive surgery, such as endoscopic and functional surgery.

This Special Issue aims to discuss personalized treatment and future trends in oral and maxillofacial surgery. We encourage researchers (clinicians and scientists) in the fields of plastic surgery, oral and maxillofacial surgery, otolaryngology–head and neck surgery, and neurosurgery to submit original articles or comprehensive reviews.

Topics may include (but are not limited to): Orthognathic surgery, surgical treatment/correction of dental and maxillofacial malformations; Head and neck cosmetic surgery; Oral cancer; Reconstructive surgery; Management of oral diseases; New methods and techniques in oral and maxillofacial surgery; Oral and maxillofacial soft and hard tissue trauma and reconstruction techniques; Temporomandibular joint (TMJ) disorders.

Message from the Editor-in-Chief

Journal of Personalized Medicine (JPM; ISSN 2075-4426) is an international, open access journal aimed at bringing all aspects of personalized medicine to one platform. JPM publishes cutting edge, innovative preclinical and translational scientific research and technologies related to personalized medicine (e.g., precision medicine, pharmacogenomics/proteomics, systems biology, ‘omics association analysis). JPM is covered in Scopus, the Science Citation Index Expanded (SCIE), PubMed, PMC, Embase, and other databases.

Author Benefits

Open Access:— free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, and other databases.

Journal Rank: JCR - Q2 (Medicine (miscellaneous))
