

Special Issue

Advances in Prenatal Diagnosis and Maternal Fetal Medicine

Message from the Guest Editor

We are pleased to invite you to contribute to the Special Issue titled "Advances in Prenatal Diagnosis and Maternal Fetal Medicine" in the *Journal of Personalized Medicine*. This Special Issue aims to compile a comprehensive collection of the latest research and developments in prenatal diagnosis and maternal–fetal medicine, aligning with the journal's commitment to personalized healthcare. By focusing on this specialized area, we seek to highlight innovative approaches and foster the dissemination of knowledge that can drive personalized interventions and improve clinical practices in maternal and fetal health.

About the Journal

Message from the Editor-in-Chief

Journal of Personalized Medicine (JPM), ISSN 2075-4426) is an international, open access journal aimed at bringing all aspects of personalized medicine to one platform. *JPM* publishes cutting edge, innovative preclinical and translational scientific research and technologies related to personalized medicine (e.g., precision medicine, pharmacogenomics/proteomics, systems biology, 'omics association analysis). *JPM* is covered in Scopus, the Science Citation Index Expanded (SCIE), PubMed, PMC, Embase, and other databases.

Editor-in-Chief

Prof. Dr. Kenneth P.H. Pritzker

Department of Laboratory Medicine and Pathobiology, Department of Surgery, University of Toronto, 6 Queens Pk Crescent W,F, Toronto, ON M5S 3H2, Canada

Author Benefits

High Visibility:

indexed within Scopus, PubMed, PMC, Embase, and other databases.

Journal Rank:

CiteScore - Q1 (Medicine (miscellaneous))

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 21.5 days after submission; acceptance to publication is undertaken in 3.5 days (median values for papers published in this journal in the first half of 2025).
