

Special Issue

Real-World Perspective on Effectiveness, Safety, and Costs of Orphan Medicines in Neurology

Message from the Guest Editors

Orphan drug can be defined as a medicine for the diagnosis, prevention or treatment of a life-threatening or chronically debilitating condition that is rare (affecting not more than five in 10,000 people) or where the medicine is unlikely to generate sufficient profit to justify research and development costs.

In this Special Issue on “Real-World Perspective on Effectiveness, Safety, and Costs of Orphan Medicines in Neurology”, we aim to publish outstanding contributions in the key fields covered by the journal, which will make a great contribution to the community.

Thus, we believe that the JPM is an excellent platform to support such overview on the current real-world knowledge and novelties regarding effectiveness, safety and costs of orphan medicines in neurology.

We hope that our special issue will draw the attention of the readers, scientists, stakeholders and clinicians in general.

About the Journal

Message from the Editor-in-Chief

Journal of Personalized Medicine (JPM), ISSN 2075-4426) is an international, open access journal aimed at bringing all aspects of personalized medicine to one platform. *JPM* publishes cutting edge, innovative preclinical and translational scientific research and technologies related to personalized medicine (e.g., precision medicine, pharmacogenomics/proteomics, systems biology, 'omics association analysis). *JPM* is covered in Scopus, the Science Citation Index Expanded (SCIE), PubMed, PMC, Embase, and other databases.

Editor-in-Chief

Prof. Dr. Kenneth P.H. Pritzker

Department of Laboratory Medicine and Pathobiology, Department of Surgery, University of Toronto, 6 Queens Pk Crescent W,F, Toronto, ON M5S 3H2, Canada

Author Benefits

High Visibility:

indexed within Scopus, PubMed, PMC, Embase, and other databases.

Journal Rank:

CiteScore - Q1 (Medicine (miscellaneous))

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 21.5 days after submission; acceptance to publication is undertaken in 3.5 days (median values for papers published in this journal in the first half of 2025).
