

## Special Issue

# Precision Medicine in Spine Surgery: Updates and Challenges

### Message from the Guest Editor

The field of spine surgery is rapidly progressing. As technology continues to progress, rapid advancements and improvements have become available to optimize patient outcomes. This Special Issue is open to all aspects of surgical spinal care focused on optimizing patient outcomes through the use of new technology aimed at increasing patient recovery, targeting pathology through minimally invasive approaches, and optimizing patient coronal and sagittal alignment through preoperative surgical planning.

### Guest Editor

Dr. Mark James Lambrechts

Department of Orthopaedic Surgery, Washington University in St. Louis School of Medicine, St. Louis, MO 63110, USA

### Deadline for manuscript submissions

25 November 2025
