

Special Issue

Clinical Advances in Male Genitourinary and Sexual Health

Message from the Guest Editors

This Special Issue addresses key advances in male genitourinary and sexual health, an area that has experienced significant progress in recent years. Historically, research in this field has evolved alongside developments in reproductive medicine, leading to new diagnostic techniques and treatment approaches that enhance patient outcomes. The aim of this Special Issue is to provide a comprehensive overview of the latest advancements in diagnosing and managing male reproductive and sexual health disorders, such as infertility, erectile dysfunction, and urogenital cancers. We highlight cutting-edge research on male contraception, hormonal therapies, sperm retrieval techniques, and minimally invasive treatments for cancer. We are soliciting original research, reviews, and clinical studies that focus on topics including male infertility, sexual dysfunction, urogenital cancers, hormonal treatments, and innovations in male contraception.

About the Journal

Message from the Editor-in-Chief

Journal of Personalized Medicine (JPM), ISSN 2075-4426) is an international, open access journal aimed at bringing all aspects of personalized medicine to one platform. *JPM* publishes cutting edge, innovative preclinical and translational scientific research and technologies related to personalized medicine (e.g., precision medicine, pharmacogenomics/proteomics, systems biology, 'omics association analysis). *JPM* is covered in Scopus, the Science Citation Index Expanded (SCIE), PubMed, PMC, Embase, and other databases.

Editor-in-Chief

Prof. Dr. Kenneth P.H. Pritzker

Department of Laboratory Medicine and Pathobiology, Department of Surgery, University of Toronto, 6 Queens Pk Crescent W,F, Toronto, ON M5S 3H2, Canada

Author Benefits

High Visibility:

indexed within Scopus, PubMed, PMC, Embase, and other databases.

Journal Rank:

CiteScore - Q1 (Medicine (miscellaneous))

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 21.5 days after submission; acceptance to publication is undertaken in 3.5 days (median values for papers published in this journal in the first half of 2025).
