

Special Issue

Emerging Trends in Diagnostic and Interventional Radiology: Towards Personalized Medicine

Message from the Guest Editor

This Issue highlights recent breakthroughs in imaging modalities such as spectral CT, whole-body MRI, and PET/MRI fusion, as well as innovations in workflow optimization and teleradiology. Attention is also given to the educational, ethical, and organizational challenges brought about by digital transformation and the increasing interconnection between radiologists and multidisciplinary teams. We welcome the submission of original research articles, comprehensive reviews, and other types that contribute to understanding and advancing these emerging trends. Contributions from both leading experts and early-career researchers offer a comprehensive overview of current innovations and future directions in radiology, aiming to foster innovation and collaboration across clinical practice, research, and education.

About the Journal

Message from the Editor-in-Chief

Journal of Personalized Medicine (JPM), ISSN 2075-4426) is an international, open access journal aimed at bringing all aspects of personalized medicine to one platform. *JPM* publishes cutting edge, innovative preclinical and translational scientific research and technologies related to personalized medicine (e.g., precision medicine, pharmacogenomics/proteomics, systems biology, 'omics association analysis). *JPM* is covered in Scopus, the Science Citation Index Expanded (SCIE), PubMed, PMC, Embase, and other databases.

Editor-in-Chief

Prof. Dr. Kenneth P.H. Pritzker

Department of Laboratory Medicine and Pathobiology, Department of Surgery, University of Toronto, 6 Queens Pk Crescent W,F, Toronto, ON M5S 3H2, Canada

Author Benefits

High Visibility:

indexed within Scopus, PubMed, PMC, Embase, and other databases.

Journal Rank:

CiteScore - Q1 (Medicine (miscellaneous))

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 21.5 days after submission; acceptance to publication is undertaken in 3.5 days (median values for papers published in this journal in the first half of 2025).
