

Special Issue

Commodity Price Risk and Corporate Valuation

Message from the Guest Editor

This Special Issue, entitled *Commodity Price Risk and Corporate Valuation*, aims to explore the influence of commodity price volatility on corporate financial performance and valuation. We invite theoretical and empirical contributions that enhance our understanding of commodity price risk and its implications for valuation practices and corporate decision-making. Topics include, but are not limited to, hedging strategies, price forecasting, and valuation methodologies under price uncertainty.

About the Journal

Message from the Editor-in-Chief

Researchers are most welcome to contribute original research articles or comprehensive review papers for consideration and publication in *Journal of Risk and Financial Management (JRFM)*, an on-line, open access journal. *JRFM* adheres to rigorous peer-review as well as editorial processes, and publishes high quality manuscripts that address theoretical, practical and empirical issues in analysing real life financial data. The goal of *JRFM* is to enable rapid dissemination of high impact research to the scientific community.

Editor-in-Chief
