

# Special Issue

## Feature Papers on Applied Economics and Finance

### Message from the Guest Editor

This Special Issue is concerned with the broad topic of applied economics, and includes any novel theoretical or empirical research associated with the application of econometrics and financial econometrics. Theoretical contributions should be associated with an empirical example, or directions in which the novel ideas might be applied. The Special Issue will publish contributions covering theoretical and applied econometrics; economics; theoretical and applied financial econometrics; quantitative finance; risk; financial management; theoretical and applied statistics; time series analysis; forecasting; mathematics; energy economics; energy finance; agricultural economics; informatics; data mining; bibliometrics; and international rankings of journals and academics.

## About the Journal

### Message from the Editor-in-Chief

Researchers are most welcome to contribute original research articles or comprehensive review papers for consideration and publication in *Journal of Risk and Financial Management (JRFM)*, an on-line, open access journal. *JRFM* adheres to rigorous peer-review as well as editorial processes, and publishes high quality manuscripts that address theoretical, practical and empirical issues in analysing real life financial data. The goal of *JRFM* is to enable rapid dissemination of high impact research to the scientific community.
