

Special Issue

Financial Forecasting of the Real Estate Market

Message from the Guest Editor

We are excited to announce a Special Issue of the *Journal of Risk and Financial Management*, focusing on the critical theme of “Financial Forecasting of the Real Estate Market”. In an era of evolving economic landscapes and dynamic market conditions, understanding and accurately predicting trends in the real estate sector are paramount and crucial to sustainable economic development and financial sector stability. This Special Issue aims to bring together cutting-edge research, innovative methodologies, and insightful perspectives to shed light on the intricacies of financial forecasting within the realm of real estate. We invite contributions from scholars and practitioners across disciplines to explore, analyze, and debate various aspects of financial forecasting in real estate markets.

About the Journal

Message from the Editor-in-Chief

Researchers are most welcome to contribute original research articles or comprehensive review papers for consideration and publication in *Journal of Risk and Financial Management (JRFM)*, an on-line, open access journal. *JRFM* adheres to rigorous peer-review as well as editorial processes, and publishes high quality manuscripts that address theoretical, practical and empirical issues in analysing real life financial data. The goal of *JRFM* is to enable rapid dissemination of high impact research to the scientific community.

Editor-in-Chief
