

## Special Issue

# Accounting, International Finance, and Economic Development with Applications

### Message from the Guest Editors

This Special Issue on “Accounting, International Finance, and Economic Development with Applications”, edited by Wing Keung Wong, Husam Rjoub, and Kittisak Jermsittiparsert, will be devoted to advancements in the modeling of accounting, international finance, and economic development with applications. This Special Issue will also bring together practical, state-of-the-art applications of mathematics, probability, and statistical techniques in accounting, international finance, and economic development with applications. We invite investigators to contribute original research articles that advance the use of mathematics, probability, statistics, and econometrics models in the areas of accounting, international finance, and economic development with Applications. All submissions must contain original unpublished work not being considered for publication elsewhere.

## About the Journal

### Message from the Editor-in-Chief

Researchers are most welcome to contribute original research articles or comprehensive review papers for consideration and publication in *Journal of Risk and Financial Management (JRFM)*, an on-line, open access journal. *JRFM* adheres to rigorous peer-review as well as editorial processes, and publishes high quality manuscripts that address theoretical, practical and empirical issues in analysing real life financial data. The goal of *JRFM* is to enable rapid dissemination of high impact research to the scientific community.
