

## Special Issue

# Recent Developments in Risk and Financial Management, Economic Methods, Financialization and Commercialization of Risk

### Message from the Guest Editors

This Special Issue is dedicated to the 17th edition of ICABE conference. The main themes are related to technology and business, digital money and cryptocurrencies and leadership in modern times. In addition, the conference highlights recent developments in research into several issues in risk and financial management, the role of corporate governance, financial stability of world economy, and recent developments in the EU and the USA regarding banking, default issues, regulation, and implications for asset and liability management.

The editorial office of the journal provides several feature paper quotas for this Special Issue. A feature paper refers to a high-quality paper. When accepted after review, these papers will be published free of charge. Other papers will be published with a 50% discounted rate from the official fee charged by the journal. It is up to to decide whether to grant the full waiver to potential authors.

Should you have any questions related to Feature Papers, and/or to others, please feel free to contact the or JRFM's editorial office ([jrfm@mdpi.com](mailto:jrfm@mdpi.com)).
