Deadline for manuscript submissions:

30 March 2022

Message from the Guest Editors

Dear Colleagues,

We are pleased to announce the Special Issue of *Land* on “Urban Ecosystem Services III”. The Special Issue seeks to explore innovative approaches for enhancing urban sustainability and ES in the face of increasing urbanization concerns. Areas of interest include, but are not limited to, the following:

- Assessing natural capital and ecosystem services;
- Compact cities;
- Ecology in cities;
- Ecosystem services, ecosystem disservices, and well-being;
- Ecosystem service degradation;
- Edible green infrastructure;
- Green infrastructure;
- Green space;
- Green walls;
- Healing garden design;
- Landscape architecture and urban design;
- Mapping and assessing ecosystem services;
- Modelling ecosystem services;
- Nature-based solutions;
- Social-ecological systems;
- Sustainable urbanism;
- Urban agriculture;
- Urban biodiversity and ecosystem services;
- Urban biosphere reserve;
- Urban ecosystems;
- Urban forest;
- Urban geography and development;
- Urban-rural interface;

Message from the Editor-in-Chief

Land is the only open access journal covering all aspects of land science, and it is a pioneering platform for publishing on land system science. Our editorial board is comprised of eminent scholars and we aim to publish high quality research and scholarship. By addressing important global issues across the broad sweep of land science, e.g., urbanization, land grabbing and ecosystem services, *Land* promotes an understanding which will lead to solutions that will benefit human well-being and environmental sustainability.

Author Benefits

Open Access:— free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SSCI (Web of Science), AGRICOLA, AGRIS, GeoRef, RePEc, and many other databases.

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q2 (*Nature and Landscape Conservation*)
