Message from the Guest Editors

In this Special Issue, we encourage researchers to submit their manuscripts on the following topics:

- Spatial planning, land-use management, and decision-making contributions to the Sustainable Development Goals 2030, The United Nations Decade on Ecosystem Restoration (2021-2030), the European Green Deal, and related documents such as the Fit for 55 package, Zero Pollution Action for 2050, Biodiversity Strategy for 2030, European Forest Conservation Strategy, or From Farm to Fork strategy;
- The role of green infrastructure and natural-based solutions, including food systems for sustainable regional and local spatial planning;
- Spatial planning and energy transition, including emerging conflicts and new territorial opportunities;
- Land-use conflicts in future scenarios;
- Land-use and circular-economy planning options;
- Land-use changes, mobility, and accessibility patterns;
- Participatory land-use planning (using methods and tools to support multi-stakeholder planning approaches) and systemic thinking;
