Message from the Guest Editors

We invite you to contribute articles to this Special Issue by reporting developed studies and new data about environment assessment using multi-disciplinary approaches. This Special Issue will assemble research that presents innovative methods, novel data analysis, application case studies, and insights that can improve our understanding of land-environment assessment using physical, geological, engineering, ecological, as well as economic evaluation for sustainable land use.

We welcome both original research and review papers focusing on, but not limited to, the following topics:

- The protection, management, and conservation of natural areas;
- Climate change impacts assessment;
- Relative sea level rise and economical sustainability of coastal areas;
- Geographic Information Systems (GISs);
- Integrated approaches to ecosystem valuation;
- Ecosystem services evaluation;
- Integrated tools for land management;
- Revealed and stated preference techniques.

Special Issue

an Open Access Journal by MDPI

Editor-in-Chief

Prof. Dr. Christine Fürst

Institute for Geosciences and
Geography, Dept. Sustainable
Landscape Development,
University of Halle, Von-
Seckendorff-Platz 4, 06120 Halle
(Saale), Germany

Message from the Editor-in-Chief

Land is the only open access journal covering all aspects of land science, and it is a pioneering platform for publishing on land system science. Our editorial board is comprised of eminent scholars and we aim to publish high quality research and scholarship. By addressing important global issues across the broad sweep of land science, e.g., urbanization, land grabbing and ecosystem services, *Land* promotes an understanding which will lead to solutions that will benefit human well-being and environmental sustainability.

Author Benefits

Open Access:— free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SSCI (Web of Science), AGRICOLA, AGRIS, GeoRef, RePEc, and many other databases.

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q2 (*Nature and Landscape Conservation*)
