

Special Issue

Planning for Sustainable Urban and Land Development, Second Edition

Message from the Guest Editors

Following the success of the Special Issue "Planning for Sustainable Urban and Land Development", we are happy to announce the opening of a second volume. For this Special Issue, we invite contributions that link planning strategies to sustainable urban and land development, either through empirical research or conceptual/theoretical works, examining any key processes, including, but not limited to, the following:

- Sustainable planning;
- Urban and land development;
- Smart city;
- Urban vibrancy;
- Urban resilience;
- Social integration;
- Urban green space;
- Land spatial pattern.

We look forward to receiving your original research articles and reviews.

About the Journal

Message from the Editor-in-Chief

Land is the only open access journal covering all aspects of land science, and it is a pioneering platform for publishing on land system science. Our editorial board is comprised of eminent scholars. We publish high quality research on societally relevant, emerging and innovative topics and results in land system research. It is now one of the top land journals with a significant impact factor, and has a goal to become the best journal in land in the coming years. I strongly recommend *Land* for your best research publications for a fast dissemination of your research.
