

Special Issue

Climate Change Impacts on Coastal and Marine Ecosystems: Integrated Assessment and Best Adaptation Options

Message from the Guest Editors

This Special Issue of Land welcomes contributions from researchers on the following suggested topics:

- Climate change impacts on coastal and marine ecosystems;
- Integrated assessment of climate change impacts on coastal and marine ecosystems;
- Biogeophysical assessment of climate change impacts on coastal and marine ecosystems;
- Economic valuation of coastal ecosystems services;
- Shared Socioeconomic Pathways and best adaptation options for coastal areas;
- Human health perspective of climate change impacts on coastal ecosystems services;
- Coastal and marine planning for carbon sequestration and climate change adaptation;
- Coastal areas adaptation from the perspective the governance of the commons;
- The role of nature-based solutions in coastal areas adaptation;
- Human perceptions and behaviors regarding coastal and marine areas.

We look forward to receiving your original research articles and reviews.

Guest Editors

Dr. Matías González Hernández

Prof. Dr. Carmelo J. León

Dr. Fernando Tuya

Dr. Javier de León

Dr. Yen E. Lam-González

About the Journal

Message from the Editor-in-Chief

Land is the only open access journal covering all aspects of land science, and it is a pioneering platform for publishing on land system science. Our editorial board is comprised of eminent scholars. We publish high quality research on societally relevant, emerging and innovative topics and results in land system research. It is now one of the top land journals with a significant Impact Factor, and has a goal to become the best journal in land in the coming years.

Editor-in-Chief

Prof. Dr. Christine Fürst
Department Sustainable Landscape Development, Institute for
Geosciences and Geography, University of Halle, Halle, Germany

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SSCI (Web of Science), GEOBASE, PubAg, AGRIS, GeoRef, RePEc, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1 (Nature and Landscape Conservation)
