

## Special Issue

# Multi-Dimensional Integration of Geo-Planning for Land Planning and Design

### Message from the Guest Editor

To investigate the multi-dimensional integration of geo-planning for land planning and design for addressing the complex challenges of contemporary cities, this Special Issue invites scientific studies that discern novel frameworks and methodologies, the role of digital technologies and tools, such as geographic information systems, remote sensing, and satellite image processing, and advance innovative approaches and strategies.

### Guest Editor

Dr. Surabhi Pancholi

School of Architecture and Built Environment, Deakin University,  
Geelong, VIC 3220, Australia

### Deadline for manuscript submissions

closed (29 March 2024)

## About the Journal

### Message from the Editor-in-Chief

*Land* is the only open access journal covering all aspects of land science, and it is a pioneering platform for publishing on land system science. Our editorial board is comprised of eminent scholars. We publish high quality research on societally relevant, emerging and innovative topics and results in land system research. It is now one of the top land journals with a significant impact factor, and has a goal to become the best journal in land in the coming years. I strongly recommend *Land* for your best research publications for a fast dissemination of your research.

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SSCI (Web of Science), PubAg, AGRIS, GeoRef, RePEc, and other databases.

#### Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1 (Nature and Landscape Conservation)
