## Editors' Collection Series: Remote Sensing of Land Change Science

### Message from the Collection Editors

We are pleased to announce a new collection titled “Editors’ Collection Series: Remote Sensing of Land Change Science”, which will collect papers invited by the Editorial Board Members and the Topical Advisory Panel Members. The aim of this collection is to provide a venue for networking and communication between *Land* and scholars in the field of land change science using remote sensing. All papers will be published in an open access format following peer review.

## About the Journal

### Message from the Editor-in-Chief

*Land* is the only open access journal covering all aspects of land science, and it is a pioneering platform for publishing on land system science. Our editorial board is comprised of eminent scholars. We publish high quality research on societally relevant, emerging and innovative topics and results in land system research. It is now one of the top land journals with a significant impact factor, and has a goal to become the best journal in land in the coming years. I strongly recommend *Land* for your best research publications for a fast dissemination of your research.
