

Special Issue

Resilient Cities: The Nexus of Urban Land, Climate Change and Property Economics

Message from the Guest Editors

This Special Issue specifically focuses on the implications of climate change within urban environments and its impact on land use and property economics. It seeks to explore how urban landscapes are transformed under the pressure of climate change, emphasizing the critical role of sustainable land use in enhancing urban resilience. The aim of this Special Issue is to delve into the multifaceted relationship between urban development, climate adaptation and economic sustainability in property markets. It underscores the importance of adopting interdisciplinary approaches to effectively address the complex dynamics at play, ensuring that solutions are holistic and inclusive of various scientific, economic and social perspectives. **Topics of Interest:**

- *Impact on Property Values and Markets;*
- *Policy and Regulatory Frameworks for Urban Resilience;*
- *Social Equity Considerations in Urban Climate Adaptation;*
- *Urban Land Use and Climate Interplay;*
- *Adaptive Planning, Technological Innovations and Smart Cities.*

About the Journal

Message from the Editor-in-Chief

Land is the only open access journal covering all aspects of land science, and it is a pioneering platform for publishing on land system science. Our editorial board is comprised of eminent scholars. We publish high quality research on societally relevant, emerging and innovative topics and results in land system research. It is now one of the top land journals with a significant Impact Factor, and has a goal to become the best journal in land in the coming years.

Editor-in-Chief

Prof. Dr. Christine Fürst
Department Sustainable Landscape Development, Institute for
Geosciences and Geography, University of Halle, Halle, Germany

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SSCI (Web of Science), GEOBASE, PubAg, AGRIS, GeoRef, RePEc, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1 (Nature and Landscape Conservation)
